

2D stress = 0.144

The plot displays several clusters of points representing different years. Arrows indicate transitions or relationships between these years. The years shown are 2001, 2004, 2013, 2016, and 2018. The points are color-coded: blue for 2001, cyan for 2004, orange for 2013, green for 2016, and red for 2018. The plot shows a complex network of relationships, with some years appearing in multiple clusters and others appearing only once.
